What is IREM®?

The Institute of Real Estate Management (IREM®) is an international community of real estate managers dedicated to ethical business practices, maximizing the value of investment real estate, and promoting superior management through education and information sharing.

An affiliate of the National Association of Realtors®, IREM® is the home for all industry professionals connected to real estate management – and the only organization serving both the multi-family and commercial sectors.

We believe:

- That good management matters
- That well-managed properties pay dividends in terms of value and in the quality of life for residents, tenants and customers
- In professional ethics
- In the power of knowledge and the importance of sharing it

IREM® offers a variety of membership types for professionals of every experience level, from on-site managers to high-level executives. Our credentials, earned by meeting high standards of education, experience, and ethical business practices, include:

- Certified Property Manager (CPM®)
- Accredited Residential Manager (ARM®)
- Accredited Commercial Manager (ACoM®)
- Accredited Management Organization (AMO®)

For more than **80** years, IREM® has set the standard for best practices in real estate management. Today, IREM® membership includes **almost** 20,000 individuals.

IREM® Western North Carolina was founded in 1960 and has been serving the local and regional community for over 60 years! Today's membership consists of 260 certified and associate professionals serving the real estate community in a variety of property management roles.

What is an Industry Partner?

The Industry Partner program is an opportunity for recommended firms to present their products or services to IREM® members who have demand, and in most cases, final purchasing authority. Property managers rely on a variety of companies and individuals to help provide their tenants and residents with the best service possible. The Industry Partner program benefits our members by providing a network of high-quality vendors with which to do business.

The Industry Partner program is designed to foster professional relationships between our membership and a mix of locally represented, reputable, quality service vendors, contractors, and other real estate related professionals. As an Industry Partner, you will have a variety of networking opportunities with our Chapter membership and other Industry Partners, while providing our chapter with a source of financial support which enables us to continue our commitment to education and professionalism.

What does it mean to be an Industry Partner?

"EDS has been fortunate enough to be an IREM Industry Partner since 2005. It has given our company the opportunity to create long lasting relationships with many Property Managers, as well as other vendors. The best part of our membership is the familiar faces we get to see on a regular basis. We prefer to call them our FRIENDS! Our participation in IREM plays a large role in who we are today and we are thankful to everyone involved. We hope to remain a partner in this wonderful organization for many more years to come."

Joe Whitten, Operations Manager, Environmental Diversified Services

State Line Lighting joined IREM in late 2016 and has enjoyed participating in the many events since then. IREM gives our staff access to the decision-makers within our demographic as well as other industry partners. We especially enjoy the easy, casual networking events. As a company, we strive to be a good partner for our customers and a growing influence for our community. IREM helps us accomplish those goals through the fun and creative events such as 'Pajamas and Pancakes' held last fall. The IREM staff is extremely supportive and responsive to any and all needs. We look forward to our continued involvement throughout 2022!
